Summary

Hi there! I'm a current Btech in Computer Science student , I've dived deep into computer vision. My future? I'm eyeing a role in Data Scientist where I can bring in my knack for quickly learning and combining computer insights with solid software engineering to make a real-world impact. I'm on the lookout for opportunities where I can apply my skills, grow, and contribute to meaningful projects, especially internships or new grad job positions. If you're on a similar journey or have an opportunity in mind, let's connect! I believe in the power of collaboration and continuous learning to push the boundaries of what's possible in tech.

Experience

XMEGA

Intern • Nashik, Maharashtra

06/2024 - 07/2024

Driven and innovative professional with a background as an Intern at Xmega, where I honed skills in web development, including HTML and CSS, and demonstrated exceptional teamwork and collaboration. Excelled in fast-paced environments, leveraging computer skills and a keen understanding of digital marketing to deliver projects efficiently.
